CHILDREN’S SPECIAL PROGRAMS

Due to upcoming renovations at Naper Blvd. Library, dates or locations may change. Check the library’s website to confirm time and room location for Naper Blvd. programs before planning to attend.

WINTER FAMILY READING PROGRAM
Dec. 1 – Jan. 31
Families with children in 5th grade and even babies can sign up starting Monday, Dec. 1. Children will earn prizes and coupons for reading together as a family and doing other family-fun activities. All participants will be entered into drawings to win Chicago Wolves Hockey tickets and a grand prize.

JUGGLING FUNNY STORIES
Celebrate the start of the Winter Family Reading Program with presenter Chris Fascione as he brings children’s stories to life. Laughter abounds as Fascione creates colorful characters through his unique combination of acting, storytelling, comedy and juggling. His award-winning, participatory program is designed to bring out the kid in everyone, while promoting reading, literacy and the love of books. This program is partially funded by a grant from the City of Naperville.

NIC Community Room
Saturday, Dec. 6
1:30 and 3:00 p.m.

WOLVES HOCKEY PLAYER VISIT
Hockey fans can meet a member of the Chicago Wolves hockey team who will discuss his love of hockey and reading. The player will share with fans his journey to success as well as the determination and hard work it took to reach his goals. One lucky fan will get the opportunity to try on the uniform – pads and all. Attendees will get a chance to earn giveaways from the Wolves, and everyone will have an opportunity for autographs. The Chicago Wolves are a sponsor of the Winter Family Reading Program.

95th Meeting Room A/B
Thursday, Dec. 11
4:00 – 5:00 p.m.
3rd ANNUAL GINGERBREAD HOUSE DISPLAY
Make and decorate a gingerbread house as a family activity. Creators can drop off their gingerbread house at any children’s department before 4 p.m. Dec. 6. Each building will display the houses in the children’s department through Dec. 13 for the public to admire and choose their favorites. Ribbons will be awarded to all entries. Entries must be picked up on Dec. 13.

*YOGA FOR KIDS
Kids can move, bend and stretch while reading fun yoga stories and acting out animal poses. This interactive program will feature stories, songs and simple poses to introduce kids to the world of yoga. Participants should wear comfortable clothing and bring a mat or towel from home. For children ages 4 to 7 years old. *Program requires advanced registration and is limited to 15 participants.

*STORYTIME AT THE MUSEUM
Join Naperville Public Library staff every first and third Wednesday of the month for a special storytime at DuPage Children’s Museum. This 30-minute program of stories, songs and more fun is for children of all ages. Museum admission purchase is needed to attend the storytime.

*LIGHTS, CAMERA, STOP MOTION
Using the library’s iPads, children will learn how to make a stop-motion animated movie with items provided by library staff or objects participants bring from home. Parents are invited for the last 10 minutes of the program to see the crazy and creative movies produced by the budding movie makers. For children in 3rd through 5th grades. *Program requires advanced registration and is limited to 15 participants.
**SIGN AND PLAY WITH BABY**
Learn to communicate with babies using sign language. This three-week program provides a fun environment for babies and their caregivers to learn the basics of sign language. Each week, a new theme will be introduced using stimulating activities, books, songs and play. **For children ages 8 to 23 months.** *Program requires advanced registration and is limited to 12 babies per program.*

TEEN PROGRAMS
(6th through 12th grades)

Due to upcoming renovations at Naper Blvd. Library, dates or locations may change. Check the library’s website to confirm date, time and location for Naper Blvd. programs before planning to attend.

TAG (TEEN ADVISORY GROUP): REDEFINING YOUR LIBRARY!
TAGTeam is an advisory group of teens in 6th through 12th grades who work together with the teen services librarians to make Naperville Public Library a better place for teens.

Members will:
- Help the library find ways to make resources for teens even better
- Help decide what activities, programs and events are important to offer
- Help the library decorate and plan its teen spaces
- Tell the library what books, music and magazines are missing from the shelves
- Develop leadership skills and make new friends

Not only will this look great on college applications, but teens will also earn volunteer hours for participating. Snacks will be provided. TAGTeam members must have a current Naperville Public Library card. Applications can be found online or at the adult services desks. For more information about joining TAGTeam, contact:

The library has reserved space for teens to study for finals. Tables for group study, reference help and snacks will be provided. Therapy dogs also will be available for students to pet from 7 to 8:30 p.m. Dec. 16 at 95th St. Library. A school ID or library card is required if teens plan to stay at 95th St. after 9 p.m. Dec. 15.

**LEGO MINDSTORMS ROBOTICS: MAZE RUNNER CHALLENGE**
Teens will compete in teams to build and program a Lego Mindstorms robot to navigate a series of maze challenges. Participants will also have a chance to complete the maze with Sphero, a robotic ball.
*Program requires advanced registration and is limited to 12 teen participants.

**ARDUINO WORKSHOPS**
Interested in coding and electronics but don’t know where to start? Arduino microcontroller boards can be easily programmed using a variant of the C programming language. They receive inputs from a variety of switches or sensors to control lights, motors or other outputs. Arduino projects can be as simple as a light blinking on and off or as complex as a robot or smart thermostat. During these workshops, individuals can write and compile code to bring a variety of projects to life using the Arduino Uno and various electronic components.

*Motor Projects*
Use code to control both hobby and servo motors.
*Program requires advanced registration.

**Sensor Projects**
Create projects using light and temperature sensors.
*Program requires advanced registration.
