READ2GETHER (Grades 6-12)

SIGN UP at the location of your choice, starting May 9 at 1:30 p.m.

Would you like to help younger children become better readers this summer? Volunteer in our Read2gether Program! You may sign up for one or more one-hour sessions per week at a Naperville Public Library location. (Younger children do not need to register to attend.)

WHO
- You will read with children entering grades 1-5.
- You will be paired with one or more children randomly at each session. Materials to read will be available at the library, or children may bring books of their own. Each of you will take turns reading, discussing, and listening for the one hour session.

WHY
- Younger children can practice reading out loud in a fun and relaxed atmosphere.
- You can be a role model and help raise a new generation of readers!
- Reading is fun, educational, a good escape, and a skill that only increases with practice.

HOW
- Read2gether Volunteers must attend a ½ hour orientation prior to the start of the program, and commit to at least 6 sessions.
- Volunteers will arrive early to each session to sign in and meet with their team before younger readers arrive.
- Volunteers will help younger readers choose materials, find a place to sit together in the Children’s Department to read, and help readers, as needed. The Library Read2gether facilitator and other library staff are available at all times to assist with any problems or concerns. Library staff may ask volunteers to help with additional tasks.
- Please refrain from hugging or carrying younger readers.
- Volunteers will make sure their younger reader is reunited with a caregiver before they leave.

This program begins June 8, 2015 and ends July 31, 2015.

Read2gether times for Nichols, Naper Blvd., and 95th Street Libraries:
