TODDLER PLAY

Alphabet Soup

Instructions:

1. Fill 2 plastic containers $\frac{1}{4}$ of the way with water.
2. Throw in foam or plastic letters and hand your toddler a large plastic spoon.
3. If you are doing the activity inside on tile, place a beach or bath towel underneath to make clean up easier.

While sitting with your toddler, try talking about what letters they see, what sound each one makes, and words that start with each letter.
