TODDLER PLAY

Mess Free Painting

Instructions:

1. Place a blank piece of paper in a 13 × 9 inch container that has a matching lid. A cake pan is used in the example.
2. Squirt 2 or 3 colors of paint on the paper. (About half a tablespoon of each is plenty, less is more for this project.)
3. Add a few small objects that will roll (plastic eggs, golf balls, uncooked penne noodles).
4. Place the lid on the container and your toddler can shake, shimmy, and paint mess free!
